SHIPPING SEASON

SEED orders can be shipped throughout the year.

POTTED PLANT (trays of 38 plugs) orders begin shipping early-May, provided all the species in the tray are transit-ready. We are a Midwest greenhouse and due to the challenges of getting all the species in the Mix & Match and Pre-Designed Kits transit-ready at the same time, we typically can't ship before early-May. Please note that we cannot ship plants outside the contiguous United States or to California.

BARE ROOT PLANT orders are shipped during optimal transplanting time: Spring (April-May) and Fall (Oct). Since our plants are field-grown, Nature sets the schedule each year as to when our digging season will begin and end. We fill all orders on a first-come, first-served basis, to the best of our ability depending on weather conditions beyond our control. Please note that we cannot ship plants outside the contiguous United States or to California.

GUARANTEE

We guarantee species to be true to name and that plants and seeds arrive in good condition. If losses occur due to delay in delivery or unfavorable weather conditions in transit, contact us immediately. We cannot guarantee successful growth after planting, but please let us know about any disappointments you experience; we may be able to help. In any case, liability is limited to the cost of seed or plants purchased. No other guarantee is expressed or implied. Prices are subject to change without notice.
