POTTED PLANTS: (Trays of 38 plugs & 3-packs) Orders begin shipping early-May, provided all the species in the order are transit-ready. We are a Midwest greenhouse and due to the challenges of getting all the species in an order transit-ready at the same time, we typically can't ship before early-May. Please note that we cannot ship plants outside the contiguous United States or to California.

BARE ROOT PLANTS: Orders are shipped during optimal transplanting time: Spring (April-May) and Fall (Oct). Since our plants are field-grown, Nature sets the schedule each year as to when our digging season will begin and end. We fill all orders on a first-come, first-serve basis, to the best of our ability depending on weather conditions beyond our control. Please note that we cannot ship plants outside the contiguous United States or to California.
